

IT ASSET MANAGEMENT REINVENTED

Capsultory

Eliminating spreadsheet chaos, scanner hardware costs, and human inventory errors.

Mobile-Native ITAM

Zero Extra Hardware

The Costly Reality of Legacy Asset Tracking

Expensive Hand Scanners

\$1,200+ hardware cost per dedicated scanner unit.

Human Entry Errors

High serial number mistype rates in spreadsheets.

Ghost Asset Loss

Unreturned hardware lost during employee offboarding.

MEASURABLE ROI

Quantifiable Savings From Day One

\$1,200

Saved Per Scanner Unit

Zero specialized hardware needed

99%

Data Error Reduction

Automated camera barcode scanning

95%

Faster Audit Cycles

Audit prep from 30h to 15m

THE CAPSULTORY SOLUTION

Smartphone-Native IT Asset Intelligence

Replace bulky hardware with the device in your pocket.

Capsultory turns any standard mobile camera into an enterprise-grade barcode scanner linked directly to your active inventory database.

- ✓ Instant scan-to-assign workflows
- ✓ Automatic verification against user profiles
- ✓ Real-time asset movement history

Zero Hardware Deployment

Every team member uses existing phones.

Complete Offboarding Safeguards

Automated triggers for unreturned laptops.

CORE CAPABILITIES

Built to Eliminate Friction for SysAdmins

Camera Barcode Scan

Instant camera recognition without extra hardware.

Automated Audits

Single-click compliance reports and verification.

Zero Lost Inventory

Proactive alerts on unassigned storage devices.

THE COMPETITIVE ADVANTAGE

How Capsultory Compares

Feature	Excel Sheets	Hand Scanners	Capsultory
Hardware Cost	\$0	\$1,200+ / unit	\$0 (Mobile Native)
Data Entry Error Rate	68% High Error Rate	12% Scan Mismatches	< 0.1% Validated
Audit Prep Duration	30+ Hours Manual Walk	12 Hours Scanning	15 Minutes Automated
Offboarding Lost Devices	Frequent Ghost Assets	Manual Docking Needed	Zero Misplaced Devices

STREAMLINED WORKFLOW

4-Step Frictionless Lifecycle

1

Scan

Point any phone camera at the device label.

2

Assign

Tap employee profile for instant record sync.

3

Track

Monitor active state, location, and warranty.

4

Audit

Generate single-click compliance reports.

Customer Success Highlight

“We saved \$14,000 on dedicated hand-scanners and eliminated lost offboarding laptops entirely in our first quarter.”

Director of Enterprise Infrastructure

Mid-Market Tech Operations (450 Endpoints)

The Growing Need for Modern ITAM

\$6.2B

Global ITAM Market Size

Expanding rapidly as hybrid and distributed workforce models dominate.

3.4x

Faster Onboarding Speed

Instant hardware assignments without manual serial entry friction.

TRANSFORM YOUR IT OPERATIONS
